

Hi all,

We hope you are staying safe and healthy during this holiday season! We want to thank all of our members, students, and instructors for an excellent year of participation with the JNCAA program. Our team has been working very diligently to ensure new courses are available for your consumption into the new year. We hope that you will take advantage of our exciting new offerings! Please read on for more information on testimonials, new courses and recent program news!

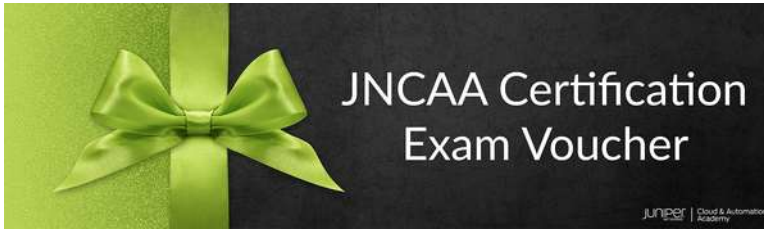

## Student Success Story

*"The JNCAA program has had a positive impact allowing me to increase my networking knowledge and stay up to date on the latest industry news. When interviewing for jobs, it provided me with useful knowledge for more technical discussions through the selection process. I would definitely recommend joining this program as it is a great opportunity to develop your career and find a place in a growing industry."*

*- Enrique Iglesias, Advanced Services Engineer*

## Upcoming Open Enrollment Courses

**Register & Enroll Now!**  
 Every month, we have open enrollment learning events for our students. Obtaining an Associate or Specialist Level certificate is great to show initiative earning an industry recognized certification.

Students can sign up via the advertised links, create an account, and register for the course. In the week prior to the event, they will receive their login details and information about the On-Demand platform. After each event, the students who complete the course requirements will receive a **FREE** certification voucher.

Click **Enroll** below to sign up or view the [2021 JNCAA Open Enrollment Schedule!](#)

## New Getting Started Courses

### **Getting Started with Networking, Cloud, & Wi-Fi**

For those of you who have appreciated setting the learning scene with some foundational industry-standard content for **Networking, Cloud** and **WiFi**, we are happy to announce that there are three new courses recently added. Click below to access the desired course!

[Getting Started with Networking](#)

[Getting Started with Cloud](#)

[Getting Started with WiFi](#)

"**Getting Started**" courses on **Security, 5G, and Telco Cloud** will be added in 2021 to increase the opportunities for learning the fundamentals and preparing for an Associate Level certification.

## **Mist Courses & Certifications - Coming Soon**

Differentiate yourself with the brand new **Certified Associate—Mist AI & Certified Specialist—Mist AI certifications!** As you aspire to be a Wireless LAN networking professional, these certifications help build your Mist skills & demonstrate your ability to work with the industry's leading AI-driven networks solution.

### **Mist AI Prep Courses**

For those of you unfamiliar with wireless concepts or Mist, we recommend the new free [Getting Started with Wi-Fi](#) eLearning course and then go from there to the [Mist Master Self-Paced Online Training](#).

The written exams verify the basic understanding of WLAN & Mist AI technology, related configuration, & functionality. Want to learn more? View the full [Mist AI Certification Track](#).

## News Updates

### JNCAA Premium Memberships

We are working hard behind the scenes on a new **Premium Membership** tier for JNCAA. Currently a member is entitled to access official course materials, labs, earn vouchers for certifications, and request dedicated training events. As a Premium member, the relationship will go beyond this criteria and benefits which we will be sharing in our next newsletter. We aim to roll this out at the beginning of 2021.

### JNCAA Regional Webinars

After receiving a tremendous amount of positive feedback about the regional webinars that we have been trialing, we have decided to roll out a **global program of webinars** in the upcoming months. This will not only help our members get the most out of our program, but will also enrich your students' learning with additional knowledge sharing moments. These webinars will include discussions from guest speakers in the fields of not only networking, but also wider business and development fields.

Do you have a suggestion for a webinar speaker topic? Feel free to send a message directly to [jncaa@juniper.net](mailto:jncaa@juniper.net).

## We want to hear from you!

### We value your feedback

Want to share an idea about what you would like to see us do differently? Our team would LOVE to hear about how we can better serve your needs in 2021. Feel free to send a message directly to [jncaa@juniper.net](mailto:jncaa@juniper.net).
